AT KONEL, ELECTROPLATING IS NOT JUST ELECTROPLATING

In fact, its over 12 types of electroplating, one of the most complete range offered.

- Precious Metal plating for electrical relays, contacts etc.
- Nickel Chrome plating for high-lustre and rust-proofing.
- Duplex Nickel plating for better protection and high lustre.
- Electroless Nickel plating for uniform coverage and durability.
- Hard Chromium plating for wear resistance.
- Bright Tin plating for improved solderability in electrical accessories.
- Zinc/Cadmium plating for cathodic protection of steel.

And these are not all. Our Technical Services Department will find just the right electroplating solution for your individual need. So if you thought electroplating is, well, just electroplating think again. And call us at Konel to find out how it is more than just, well, electroplating.

KONEL CERTIFIED COMPANY ISO 9002

Not just electroplating

Foreword

There was a very good response for this 22nd YPS All India Salon from the Photographers all over India as it has been for all YPS Salons. We received many Entries from various Photographic Clubs which is the result of our Newsletter reaching many clubs in India.

Around 1,200 entries were received out of which 300 pictures were selected for exhibition. We congratulate all the successful Entrants. Our panel of Jury did a good job in picking these pictures. The Best Portrait and the Best Mammal awards were not awarded. The award for Best Nature Print from Young Nature Photographers (Sponsored by Dr. M.P.S. Prasad) was not awarded as there were no entries.

We thank all the Entrants, YPS members, Salon Committee and the Executive Committee members for making thin event a grand success. We also thank the Jury for doing an excellent job. Our sincere thanks to all our Sponsors, Advertisers, and Donors without whose support this event would not have been conducted.

We hope that all the entrants would participate in our next salon.

M. Venkataswamappa — *Salon Chairman*
