YPS - The Best Photography Club

Youth Photographic Society (YPS) was established in Sep 1971 under the patronage of the then Department of Youth Services & Sports, Government of Mysore. Among a few hobby groups formed at the State Youth Centre, a handful of photographers started YPS under the guidance of the then Director of Youth Services Mr. Vijay. The society was registered with Ms. Vanaja Rao as the first president of YPS. Later another Director of Youth Services Mr. Joginder Singh too bestowed all possible help to the society. Over the years, YPS has grown to be one of the most prestigious and active photography clubs in India. Stalwarts in art photography, Late Dr. G. Thomas FPSA, FRPS, Hon. YPS, Late Mr. C. Rajagopal MFIAP, FRPS, FPSA, Hon. YPS and Late Mr. E. Hanumantha Rao AFIAP, Hon. YPS have closely guided the growth of YPS along with highly applauded artists like Late Mr. T. N. A. Perumal MFIAP, FRPS, Hon. YPS, and Mr. M. S. Hebbar, AFIAP, Hon. YPS.

The Club presently has more than 700 active members including Life Members, Honorary Members, Individual Members and Junior Associates from across the country. More than 150 have been conferred with one or more international photographic distinctions. YPS commemorated its Golden Jubilee in 2021 by making its national and international salons free for participation apart from organising special programmes like 'Nenapugalu' where the history of YPS, as spoken by senior members, was recorded.

YPS has been organising programmes at regular frequency. Even during the pandemic, webinars and online workshops were held on various topics of photography by eminent photographers from across the world. Upskilling of members into photo artists, distinction holders, jury and mentors is a testimony of quality of YPS field trips, workshops and knowledge sharing sessions.

Being a Corporate Member of Federation of Indian Photography (FIP), YPS has successfully organised three FIP Conventions (1985, 1995 & 2024). The 31st FIP Convention in Mysuru hosted by YPS set a new benchmark and was much lauded by FIP and the delegates alike. YPS has also hosted the 15th Fédération Internationale de l'Art Photographique (FIAP) Nature Biennial 2010 to the utmost satisfaction of the delegates. YPS is the first corporate club to be awarded the coveted ESFIPC distinction by FIP.

The YPS journal *Dṛṣṭi* with informative articles and high quality images has been winning awards from Photographic Society of America. It won Honorable Mention in 2021, 2022 and did a hattrick by winning the Arthur P Henricks Jr Memorial Award- the top award at the 2023 PSA Newsletter Competition. In 2024, it continued with a Honorable Mention, and winning the Arthur P Henricks Memorial Award for a second time in 2025.

Among other groups like Macro and Street Photography, YPS has a focused group for salon participation through which members participate in salons across the globe and win accolades. Since late 2018, this team has won a staggering 485+ Best Club Awards from India and abroad. Thus the club is a complete source of information, education and inspiration to photography enthusiasts.

YPS has the distinction of having organised 43 National and 16 International Salons, this being the 17th International Salon. Our salons are the most sought after by Indian and foreign participants on account of professionalism, open judging, carefully choreographed print exhibition and superior catalogues. YPS has adopted new technologies including its own state-of-the-art salon/contest management software developed by Late Mr. Murali Santhanam. Thus, the society has not only set benchmarks for other photography clubs to emulate but also keeps raising its own bar.

Message from the Salon Chairperson

It gives me great pleasure to reflect on the successful completion of the YPS International Salon 2026, reaffirming our commitment to artistic excellence and our growing global presence.

This edition saw participation from 311 authors, with 3489 images submitted from 38 countries. While the numbers were slightly lower than the previous year, the Salon achieved notable diversity in themes, creativity, and visual expression across sections.

To further encourage artistic exploration, we introduced Color Abstracts as the fourth section. The response was both enthusiastic and inspiring, adding a fresh dimension to the Salon. In accordance with PSA guidelines, which limit awards to within 10% of total acceptances, the awards in this section were judiciously aligned.

The judging process was conducted by a distinguished panel of seven jury members from five countries. Alongside four eminent international judges, Satish, Digwas, and Nagendra Muthmurdu contributed valuable insight and balance. I also acknowledge Asif for his continued support in assembling such a strong international panel.

We continued our initiative of inviting observers and reviewers for the second consecutive year. This remains a key step in nurturing future talent within YPS. The reviewers, including first-time contributors, carried out their responsibilities with diligence and consistency.

This being my first International Salon as Chairperson, I am deeply grateful to the YPS Executive Committee for entrusting me with this responsibility. The Salon also benefited from the induction of a new Salon Secretary, M S Kakade, who coordinated the event with commendable efficiency, and a new Treasurer, Prema Kakade, whose support ensured smooth functioning. The YPS President, Manju Vikas Sastry V, provided adequate support.

I extend my sincere appreciation to the Salon Committee and all teams whose collective efforts ensured the success of this Salon. The upcoming exhibition will provide a fitting platform to showcase these outstanding works.

As we move forward, we remain committed to fostering creativity, strengthening our global community, and elevating the standards of photographic excellence that define YPS.

Message from the Salon Secretary

I am pleased to present a comprehensive report on the YPS International Salon 2026. This is my first term as a Salon Secretary, and it has been a rewarding experience, just like all other tasks I have undertaken in my capacity as a Director of the Executive Committee. I am grateful for the trust placed in me by the YPS Executive Committee.

We wanted to introduce a unique and challenging theme in this edition of the salon, and the Salon Committee, together with the YPS Executive Committee, decided to introduce, for the first time, a Colour Abstracts section. The entries were truly a sight to behold, showcasing creativity, diversity, and technical finesse from around the world.

We hosted a 7-member jury panel from 5 countries, attracting 311 authors, 3489 pictures from 38 countries, with particularly strong participation from YPS members.

Our steadfast Chairperson, Anitha Mysore, along with our President and one of the reviewers, Manju Vikas Sastry, led from the front, ensuring smooth operations. Gopinath Guptha and Koushik ensured timely support.

The four reviewers worked tirelessly to maintain our high standards in evaluating each of the 3489 pictures. A special mention must be made of Kartik Raman and Vikas Sastry, first-time reviewers who did an excellent job alongside our other experienced reviewers, S Chandrashekar and Kishan Harwalkar. The dedication and eye for detail of all four reviewers ensured the judging was thorough, fair, and consistent.

Our initiative of including selected observers during jury meetings continued into the second consecutive year and is a step aimed at nurturing the next generation of YPS judges and securing our future judging expertise.

The esteemed jury members were cooperative, disciplined with timelines, and brought diverse perspectives despite time zone challenges. Their discussions enriched the process and strengthened the credibility of our selections. The results were published on schedule, reinforcing our commitment to transparency and professionalism.

Our Creatives team excelled in giving the salon its visual identity, while the media and publicity team ensured widespread attention and engagement from photographers and art lovers.

The physical exhibition will be held on April 25th and 26th, and we look forward to this grand finale, where the artistry and dedication of our participants can be appreciated in person.

In conclusion, the YPS International Salon 2026 was a grand success. My heartfelt thanks go to the YPS Executive Committee, Salon Committee, and our Chairperson for their unwavering support, and to all team members whose contributions made this event possible. Special thanks to the first time treasurer, Prema Kakade, for taking up the challenge.

From a young age, Albrecht was captivated by the rhythms and transformations of the natural world: the annual cycle of plant growth, the metamorphosis of caterpillars into butterflies, and the evolving skies and human expressions over time. This fascination continues to inspire both his scientific inquiry and photographic vision.

His journey into photography began in 1972 with an AGFA Isomatic Box camera. During the analog era, he developed his own black-and-white prints and later contributed cover images to renowned scientific journals, including Nature, EMBO Journal, Journal of Neuroscience, and Journal of Cell Science.

Albrecht sees science and art as complementary forces in the creative process. Science offers rational understanding; art invites emotional interpretation. Together, they foster deeper insight. His photographic work reflects this synergy—marked by thoughtful observation, technical mastery, and a humanistic lens. It creates a dialogue between nature, research, and artistic expression, opening new perspectives and inviting viewers to see the familiar in unexpected ways.
